- 2. Possession of valid Digital Signature Certificate (DSC) and enrolment/registration of the contractors/bidders on the e-Procurement/e-tender portal is a prerequisite for e-tendering.
- 3. Bidder should do the enrolment in the e-Procurement site using the "Online Bidder Enrolment" option available on the home page. Portal enrolment is generally free of charge. During enrolment/registration, the bidders should provide the correct/true information including valid email id. All the correspondence shall be made directly with the contractors/bidders through emailid provided.
- 4. Bidder need to login to the site through their user ID/password chosen during enrolment/registration.
- Digital Signature Certificate (Class II or Class III Certificates with signing key usage) issued by SIFFY/ TCS/ nCode/ eMudra or any Certifying Authorityrecognized by CCA India on eToken/ SmartCard, should be registered by the bidder.
- 6. DSC that is registered only should be used by the bidder and should ensure safety of the same.
- 7. Bidder may go through the RFP published on the site and download the required RFP documents/schedules for the RFP he/she is interested.
- 8. After downloading / getting the RFP documents/schedules, the Bidders should go through them carefully and then submit the documents as asked; otherwise bid will be liable to be rejected.
- 9. Bidder then should login to the site through the secured login by giving the user id/password chosen during enrolment/ registration and then by giving the password of the e-Token/Smartcard to access DSC.
- 10. Bidder should select the tender which he/she is interested in by using the searchoption & then move it to the 'my tenders' folder.
- 11. From my tender folder, bidder will select the tender to view all the details indicated.
- 12. It will be construed that the bidder has read all the terms and conditions before submitting their offer.
- 13. Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document/schedule and generally, they can be in PDF/sls/rar/jpg/dwf formats. If there is more than one document, they can be clubbed together and can be provided in the requested format. Bidders Bid documents may be scanned with 100 dpi with black and white option. It is advisable that each document to be uploaded through online for the tenders should be less than 2MB. If any document is more than 2MB, it can be reduced through 'RAR' and the same can be uploaded, if permitted. However, if the file size is less than 1MB, the transaction uploading time will be very fast.
- 14. If there are any clarifications, these may be obtained through the site or through contacts, If any. Bidder should take into account the corrigendum published from time to time, if any.
- 15. The Bidders can update well in advance, the documents such as certificates, annual report details etc., under My Space option and these can be selected asper tender

- requirements and then send along with bid documents during bid submission. This will facilitate the bid submission process faster by reducing upload time of bids.
- 16. While submitting the bids online, the bidder read the terms & conditions and will accept the same to proceed further to submit the bid packets.
- 17. The details of the DD/any other accepted instrument, physically sent, should tallywith the details available in the scanned copy and the data entered during bid submission time. Otherwise submitted bid will not be acceptable or liable for rejection.
- 18. The bidder has to digitally sign and upload the required bid documents one by one as indicated. Bidders to note that the very act of using DSC for downloading. The bids and uploading their offers shall be deemed to be a confirmation that they have read all sections and pages of the bid document including General conditions of agreement without any exception and have understood the entire document and are clear about the requirements of the tender requirements.
- 19. The bidder has to upload the relevant files required as indicated in the cover content. In case of any irrelevant files, the bid will be liable to be rejected.
- 20. If the price bid format is provided in a spread sheet file like BoQ_xxxx.xls, the rates offered should be entered in the allotted space only and uploaded after filling the relevant columns. The Priced-bid/ BOQ template must not be modified/replaced by the bidder, else the bid submitted is liable to be rejected forthis tender and disciplinary action may be initiated against such bidder for tampering the documents.
- 21. The bidders are requested to submit the bids through online e-tendering system to the Tender Inviting Authority (TIA) well before the bid submission end date & time (as per Server System Clock). The TIA will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders at the eleventh hour.
- 22. After the bid submission (i.e. after Clicking "Freeze Bid Submission" in the portal), the acknowledgement number, given by the system should be printed by the bidder and kept as a record of evidence for online submission of bid for the particular tender and will also act as an entry pass to participate in the bid opening date.
- 23. The time settings fixed in the server side & displayed at the top of the tender site, will be valid for all actions of requesting, bid submission, bid opening etc., in the e-tender system. The bidders should follow this time during bid submission.
- 24. All the data being entered by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered will not be viewable by unauthorized persons during bid submission & not beviewable by any one until the time of bid opening.
- 25. Any bid document that is uploaded to the server is subjected to symmetric encryption using buyers/bid openers' public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized bidopeners.
- 26. The confidentiality of the bid is maintained since the secured Socket Layer128- bit encryption technology is used. Data storage encryption of sensitive fields is done.
- 27. The bidder should logout of the tendering system using the normal logout option available at the top right-hand corner and not by selecting the (X) exist option in the browser.
